casual merino

Our casual merino explores from the chunky to mid-gauge emulating, textured, and dimensional textural looks that are more rugged, shaping authenticity with a depth of colour that goes beyond just the surface. Combining the properties of wool and unique nep effects, blend, twist, and a spongy handle, creates an artisanal collection of blends. Our casual merino range will keep you warm without compromising the deluxe, and distinctive design for bulkier/novelty gauged yarns.

We foresee the effort in fostering change in the textile system towards ecological integrity and social justice, offering superior sustainable wool with ultimate respect for the precious and beautiful environment.

Novetex – Committed to Sustainability
